

REMARKS

In accordance with the foregoing, claims 13, 33, 64, 82, and 83 have been cancelled without prejudice or disclaimer, and claim 14 has been amended to reflect the cancellation of claim 13. The title of the invention has been revised to more accurately reflect the claims presented herein. Claims 1, 2, 4, 5, 7, 14, 54, 65, 65, 74, 76-78, and 80 are pending and have been allowed. No new matter is presented in this Amendment.

It is further respectfully submitted that the cancellation of claims 13, 33, 64, 82, and 83, and the amendment to claim 14 and the title do not involve a reopening of prosecution or a change of scope of the claims requiring additional search or consideration by the Examiner. As such, it is respectfully submitted that the amendments are appropriate for approval and entry in an amendment under 37 CFR 1.312. MPEP 714.16.

CONCLUSION:

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited. Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters. If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 503333.

Respectfully submitted,

STEIN, MCEWEN & BUI, LLP
